

# GIVE ~ GO ~ BUY

**Happy New Year!** I am sure for many of us it's been a **not** so Happy New Year and in fact a more subdued 2019 and holiday season, with all the catastrophic events that have taken place in this beautiful country we call home. For many, a sense of helplessness and sadness to see what has happened with many of our fellow Australians, communities, country, wildlife and businesses. With the cyclones and floods early in 2019 and the devastating drought, water shortages and catastrophic bushfires, many are feeling a bit battered and bruised. So how do we respond? What can we do to get on top of these events.

**As Australians, we are a tough and resilient people. I say, "Let's do something!"**

We at Kui Parks want to get a message out there to try and make a positive impact on 2020! Its about doing things differently!

**We want the message in 2020 to be GIVE GO BUY!**

Many Australians have dug deep during this bush fire season and many millions have been raised. Let's not stop there! Did you know that if everyone of the more than 25,000 reading this newsletter will **GIVE** just **\$50** gift each, we would be able to gift more than **\$1,250,000** to the communities, businesses, farmers and struggling Australians. So if you have not done so yet, can I encourage you to **GIVE GENEROUSLY**. Every Dollar makes a difference! Kui Parks supports the Salvos, but there are many other organisations offering relief - so choose the one that suits you. Why not make a decision and **GIVE** today?

**Donations to Salvos: Click [SALVOS](#)**

I know that for many travelling in or through drought affected or bushfire areas may not be the best form of a holiday. Why not commit to at least 7-14 days of your trip this year to **GO** and take the road **LESS** travelled. It will make you more aware of how the communities and businesses are struggling and you will bring much needed revenue and support to them. Stay in a caravan park, help the local businesses survive, as well as all those who rely on work there, plus buy locally, go to the pub and support the communities. **GIVE** of your time to encourage and support these struggling communities in drought ravaged areas. Head up through outback NSW, **GO** up the New England Highway, **GO** and take a trip via East Gippsland, Mallacoota, Merimbula and Batemans Bay. Why not make that simple commitment to take the road less travelled and **GO**. It's a small time commitment on your long journey this year! It will also be life changing as you see what the locals are having to live through and life giving for them!

**It will be life changing as you see what the locals are having to live through and life giving for them!**

We have heard that groceries, meat, milk etc will increase in price due to the devastation this past season. I know this is hard for many on a limited budget, but let us all **BUY AUSTRALIAN**. Support the farmers, **BUY** milk that supports farmers, **BUY** meat and groceries sourced in Australia. Remember that every bite you take you are helping a local farmer, his community and Australia. **BUY** in the local supermarkets, meat and veg and markets. Look for the Australian made sign. Let's keep the farmers on the land!

**Make a difference by committing to GIVE ~ GO ~ BUY**

## Impact on Kui Parks Caravan Parks

### Bushfires

Kui Parks has had 4 parks impacted by the catastrophic bushfires. Here is an update on their situations.

**Merimbula Lakes Holiday Park**, Merimbula NSW - no damage to the park - **open for business** - very quiet at present

**Silver Sands Tourist Park**, Lakes Entrance VIC - have stayed open helping many fleeing out of East Gippsland - town is very quiet - **open for business**

**Lakes Bushland Caravan Park**, Nicholson VIC - were closed for a couple of weeks - fires came very close but no damage to park - **open for business**

**Khancoban Lakeside Caravan Park**, Khancoban NSW - still closed at this point, as the park was in the middle of some devastating fires in the **Snowies** - park and community fine, with farms and bushland impacted in the area. Once infrastructure is back up and running the park will be open for business again. **We will let you know via Facebook, or call the park.**

For all these parks, many have been severely impacted business wise over, what should have been, their most important income period. Please make every effort to get to stay at these parks on your travels in 2020.

**A special call out to parks that have assisted those fleeing the fires in Victoria and NSW.**

### Drought and Water Shortages

Many of the towns in outback NSW and along the New England Highway have been impacted by the drought and water shortages this past year, The recent rains have helped, but we know the country needs a lot more. Water is **NOT** a problem in these towns **they are all open for business**. There have been shortages, but water is available and the parks and towns would love you to visit, so get out there and support **Wagga Wagga, Holbrook, Cootamundra, Deniliquin, Tocumwal, Murrurundi, Tamworth, Tenterfield, Peak Hill, West Wyalong, Moama, Trangie** and **Lightning Ridge**.

In QLD the areas affected have been in the SE corner such as **Killarney, Stanthorpe, Warwick, Spring Creek Caravan Park & Crows Nest**.

**Support these towns and parks. I know they will appreciate your patronage.**

## Frequent Stayer Program Winners

Our sincere Congratulations to the winners of our December draw. We thank you for your support and trust you enjoy using your vouchers. To participate in this monthly draw, ask for a **Frequent Stayer Card** at one of our member parks. Have the card punched at every park you stay at and after just 6 stays you too can go into the draw to be a **WINNER!**

Kindly note that **the Frequent Stayer Card is NOT a membership card and does not entitle you to a 10% discount.** (The discount is only available on a valid Kui Parks Loyalty Membership Card).

## December 2019 Special Gift Winners

During the month of December we ran a special promotion where if you **joined Kui Parks** or **renewed your membership** not only did you receive a **\$5.00 voucher** but also went in the draw to win a **\$50.00 voucher**. We are very pleased to announce the five winners of a \$50.00 Voucher. Congratulations to you all and enjoy staying at Kui Parks in 2020.

**Join or Renew with Kui Parks here!**

On behalf of the team at Kui Parks thank you for your continued support of our parks and we hope we will see many of you on the road or at one of our Kui Parks in the near future.

Things will get better! We just need to do things a bit differently.

Thank you for your support for the **GIVE GO BUY** initiative!!!

Safe travels

Kind regards
