After what has been a very tough year for many of our Kui Parks Members and [Parks](#), we are pleased to see that our ability to move around Australia is improving with lifting of restriction occurring now almost on a weekly basis now. Bring it on!

Thank you to all for your patience and support of Kui Parks and our [member parks](#). For many of you, plans have really been messed up this year, and that rig of yours is crying out to have the rubber hit the road. So get out and take a break. Even before or after the Christmas holidays, get out and enjoy a 2 or 3 week break in one of the many amazing parks around Australia. You need not travel too far to get away and enjoy. Park up, relax and explore the local areas and enjoy the outdoors! Why not head towards the Snowy's, the stunning Murray River or the beautiful country towns all along our southern seaboard. Many of our [parks](#) would welcome your support after what has been a tough year, especially in Victoria.

## Rates do not go through the roof at Kui Parks!

Did you know that most of our [parks](#) do not even change their rates over the Christmas holidays, so there is no excuse not to get out and enjoy the summer holidays. Some parks in the destination and holiday areas may increase rates during this season, however the rates are still at very reasonable levels compared to some of the larger holiday parks and destinations. Get into the country and enjoy. It's time to start moving again.
