What a year! In spite of the Covid19 numbers it looks like the planned roadmap is on track to get us moving again. So let's get vaccinated and open that door! We are ready to go!

It seems many of our travellers are feeling a bit shell shocked and in limbo. The way we travel may be going through a few changes, but whatever happens, we must keep getting out there and enjoying the adventure! Shorter trips can always extend into longer ones. Hopefully we are seeing an end to lockdowns! Take care and stay safe!

The new word we have all got to hear of is **Intrastate**. It seems that as the Premiers dictate our ability to travel, one thing is certain, there is a lot to see and do in our own state. So get planning for that shorter travel destination - take the road less travelled, or not been along in some time. Take your time and enjoy the amazing sites and experiences, that even in our smaller towns around our states can offer you

It is so easy to find a Kui Park in your state!

get to our website [www.kuiparks.com.au](http://www.kuiparks.com.au) or visit scan our QR code

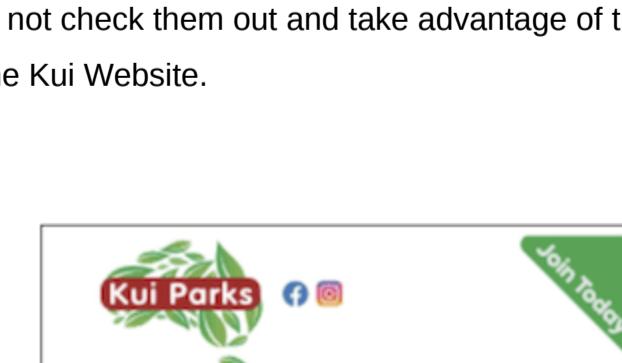

Once you are on the site's Home Page. Select the Region and in the drop down menu, choose your state.

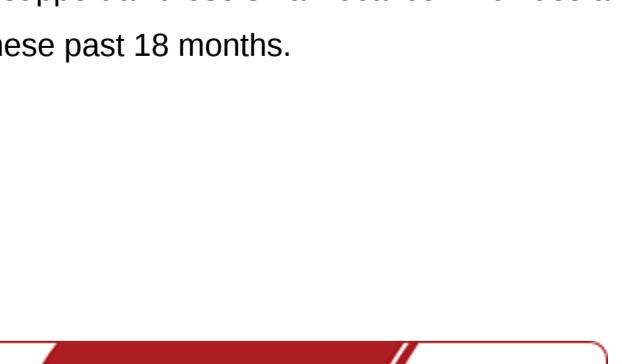

Now click SEARCH and a list of parks and a map appears. When you click the Park banner MORE INFO you get a full profile of the park you intend to visit.

Why not see what options you have for your next adventure in your very open state.

We are delighted to welcome the newest Kui Park to our network, [Mount Morgan Motel & Van Park](#) in Mount Morgan QLD, with hosts Kristie & Keith. Since taking over this park earlier this year they have been hard at work renovating the amenities and making the park a perfect spot to visit and relax. A great country atmosphere with lots to do and see in the area. With the warmer weather coming you will no doubt enjoy the beautiful pool too.
